

George, Mary W. "Instructional Services."

An argument for the use of collaborative learning in BI. Methods are discussed and specific applications' are given. Sheridan also considers special needs students.

Totten, Nancy Thomas. "Teaching Students to Evaluate Information: A Justification." *RQ*, 29(Spring 1990):348-354.

An argument for teaching evaluation of sources as part of BI. Totten offers several definitions of critical thinking. Finally, she gives an example of how evaluation is taught to students
